**5. Indicate your areas of interests/skills.**

We know from many years of feedback from our members that one of the ways of deeply enjoying ARCS Pittsburgh and all of the member benefits is to work alongside other member volunteers. So please consider an area of your interest and check as many of the options below as you like. By checking an interest area you are not agreeing to serve; rather you are expressing a desire to find out more about related opportunities. The opportunities could include simply advising our board on issues, serving on a committee, providing support for a single project, getting to know the scholars and other members, etc.
